

Seamless Experience

Bringing Homes, Cars, and Cities into a Unified Connected Ecosystem

Deep Dive & Meetup hosted with **NXP**

Unlock the potential of seamless integration between smart homes, vehicles, and logistics in our upcoming event! Smart home technology has revolutionized daily life, and now, it's time to bridge the gap between these innovations and our vehicles. Discover the latest technologies that pave the way for a fully connected future.

Dive into the realm of startups pioneering user-centric experiences with innovative Human-Machine Interfaces (HMIs) and pushing the boundaries in geofencing solutions, enhancing integration between smart buildings and vehicles. Experience startups proposing the "smartphone on wheels" approach, offering solutions for in-cabin payments, content generation, and productivity.

Don't miss out on this opportunity to be at the forefront of innovation! Join us for a day filled with insightful discussions, networking, and a glimpse into the future of smart living and mobility.
